RAYMOND, CAL., January, 27th, 1920.

Hon. Chas. Babcock,

Justice of the Peace, Fourth Township

Raymond, Calif.

In reply to Claim of Walter B. Hines, Director General of Railroads of the United States, for balance due on two cars of grain shipped from Merced, Calif in the months of October and November 1918, will say, that I paid the regular freight charges on this cars at the time of delivery, according to rate charged ~~xxx~~ by the Railroads Agent at Merced and passed as correct by the Railroad Agent at Raymond. My sales prices were fixed according to cost of transportation and the grain sold for that price.

No corrections were made on the rate charged by the Merced Agent untill three months after the grain was sold and to pay the additional freight charges would have me handle the cars without compensation to me.

If any additional freight money is due to the Railroad Administration, it should be collected from the Agent at Merced who charged the rate or the, then Agent at Raymond who passed it as correct.

I had a right to assume that the rate charged and paid by me was the correct rate. The Railroad did not lose by that rate and I did not gain by same. Employers in other business establishments are responsible for their Agents and the same should apply in this case.

Respectfully;

Herman Rost.
